4. **VICTIM/WITNESS CASES.** Refer to the Program Statement on Victim and Witness Notification for procedures when a Victim/Witness Program (VWP) inmate requests to place a victim or witness on his or her visiting list.
5. **VISITING FACILITIES.**
  - a. The maximum capacity rating assigned to the visiting room is 180 people. When this number has been reached, the termination of some visits may occur. Every consideration will be given as to the frequency of visits and the distance traveled.

- b. The Visiting Room will be arranged so as to provide adequate supervision, in all of the visiting areas. The chairs and tables will be arranged to provide a comfortable environment.
- c. A section of the visiting building will be equipped and set up to provide facilities for the children of visitors. Inmates are allowed inside the Children's Center with their approved children.
- d. Reasonable accommodations have been made to ensure that all parts of the visiting area accessible to the public are also accessible to visitors and inmates with disabilities.
- e. Non-Contact visiting areas are not available at this facility.

6. **VISITING TIMES:**

- a. Visiting hours are from 8:15 AM to 3:15 PM on Thursday, Saturday, Sunday, and Monday. Visiting on Fridays is from 2:15 PM to 9:30 PM. Visiting hours on Federal Holidays are from 8:15 AM to 3:15 PM.
- b. In an effort to accommodate families who can't visit during the day or on weekends, evening and weekday visits have been established.
- c. Inmate visitors will continue to be processed during count time and will only be delayed while the Visiting Room Officers are performing the count. After the Visiting Room Officers complete the count in the Visiting Room, they will again continue to process in new visitors and will call for the inmates when count has cleared.

7. **FREQUENCY OF VISITS AND NUMBER OF VISITORS:**

a. **Individuals Approved to Visit:**

- (1). During initial orientation, each inmate will receive a copy of this supplement including Attachment (1) "Proposed Visiting List." Each inmate must complete the form and give it to the Orientation Counselor within forty-eight (48) hours of issuance whether or not she anticipates visits.
- (2) All inmates will be allowed a minimum of four hours visiting time per month. The Warden may limit the length or frequency of visits to avoid chronic overcrowding.
- (3) The Warden may also authorize special visits to accommodate a unique circumstances (e.g., a person traveling a long distance to visit, a person visiting a hospitalized inmate).

b. **Number of Regular Visitors:**

- (1) Inmates will be allowed a maximum of Four (4) visitors at one time (not including children). Exceptions will be requested through the Unit Manager for regular visiting days, and from the Associate Warden for holidays. Inmates are not limited in the number of times that they may receive visits.

- (2) Inmates may make changes to their visiting lists by completing a "Requested Change in Visiting List" form. Inmates can obtain this form from their Counselor. Once completed, inmates will return the form to their Counselor for processing. The form will be filed in the inmate's visiting file following approval or disapproval of the visitor.

C. **Immediate Family Members:**

- (1) Members of the immediate family will ordinarily be placed on the approved list of visitors upon the inmate's admission to the institution. Immediate family includes father, mother, sisters, brothers, husband, children or step-children and common-law husband if verified. The word "spouse" includes a common-law relationship which has been previously established in a state that recognizes such a status. In states that do not, a common-law relationship is not considered "immediate" family. Family members mentioned in the PSI are not required to be entered on the BP 309/310 form. If they are not mentioned, the BP 309/310 form must be completed in its entirety.
- (2) Visitors may visit only one inmate at a time, except for those inmates who are members of the same family. Inmates within the institution who are related as an immediate family member will be allowed to conduct their visits together with any of their immediate family members who are on the inmates' approved visiting list.

d. **Other Relatives:**

These persons include grandparents, uncles, aunts, in-laws, and cousins. They may be placed on the approved list if the inmate wishes to have visits from them regularly and if there exists no reason to exclude them.

e. **Friends and Associates:**

1. The Visiting List may include up to six friends or associates. Unit Managers may make exceptions to this provision by issuing a memorandum to the Visiting Room Officers for specific dates and events. The inmate must have known the proposed visitor(s) prior to incarceration. The Warden must approve any exception to this requirement. Approval of visiting for friends and associates will be made in accordance with this supplement and PS 5267.07.
2. Ordinarily, an inmate's visiting list should not list more than 10 friends and associates. The Warden may make an exception to this provision when warranted.

F. **Persons with Prior Criminal Convictions:**

1. Inmates who have been released from FPC Alderson may return to visit an inmate provided the inmate is an immediate family member. In such cases, the inmate must have approval in writing from the Warden at least two weeks in advance of the planned visit. The Correctional Counselor of the incarcerated inmate must prepare the letter for the Warden's signature and provide the Visiting Room with a copy of the approval, including the inmate's committed name if a name change has been made. If the inmate's visitor is in the community, and is still under supervision, she must obtain written approval of her U.S. Probation/Parole Officer.
2. Visitors who are on probation/parole or supervised release status must have approval from the Probation/Parole Officer prior to institutional approval being granted. A copy of this authorization must be maintained in Section Two of the FOI Exempt portion of the inmate's Central file. Each request must be reviewed by the appropriate Unit Manager, and the review must be documented.
3. The existence of a criminal conviction alone does not preclude visits. Staff shall give consideration to the nature, extent and the date of convictions, as weighed against the security considerations of the institution. Specific approval from the Warden will be required before such visits take place.

G. **Children Under Sixteen:** An adult visitor is considered to be 18 years of age and older. Pursuant to Program Statement 5267.06, Visiting Regulations, "Children under the age of 18 years may not visit unless accompanied by a responsible adult. The signature of a parent or guardian on the Visitor Information Form is necessary to process a request for an applicant under 18 years of age." For further definition, signature authority is solely assigned to a parent or guardian that is not incarcerated at the time of application. Policy invokes a procedural modification through age distinction as a person between age 16 years and less than 18 years is not an adult by lawful definition. Therefore, such individual is strictly precluded from accompanying or supervising a minor during visitation.

8. **QUALIFICATION AS SPECIAL VISITOR:** Requests for special visits will be coordinated through the inmate's unit team. Any law enforcement visits will be coordinated through the Captain.

a. **Business Visitor:** An inmate at this facility is not permitted to engage actively in a business or profession. An inmate who was engaged in a business or profession prior to commitment is expected to assign authority for the operation of such business or profession to a person in the community. In those instances where an inmate has turned over the operation of a business or

profession to another person, there still may be an occasion where a decision must be made which will substantially affect the assets or prospects of the business. The Warden accordingly may permit a special business visit in such cases. The Warden may waive the requirement for the existence of an established relationship prior to confinement for visitors approved under this paragraph.

- b. **Consular Visitors:** When it has been determined that an inmate is a citizen of a foreign country, the consular representative of that country will be permitted to visit on matters of legitimate business. Inmates who have had their visiting privileges suspended will be allowed a consular visit. The requirement for the existence of an established relationship prior to confinement does not apply to consular visitors.
- c. **Representatives of Community Groups:** Prisoner Visitation and Support Group (PVS) visits will normally take place at the Visiting Room during regular visiting hours. Upon arrival the PVS volunteer will present the Visiting Room Officer with proper identification and names of the inmates she/he wishes to visit. PVS volunteers are not required to be on the visiting lists of the inmates they wish to visit and may bring writing materials(i.e. notebooks, paper, etc.)with them. An updated PVS list is maintained in the SHARED OC file.
- d. **Clergy, former or prospective employers, Sponsors, and Parole Advisors:**
- (1) **Minister of Record:** Inmates may receive visits from their Minister of Record. When this happens, the Clergy or Religious representative will be in addition to the normal number of visitors authorized.
- (2) **Clergy:**
- (a) Visits from clergy (other than the minister of record) will be in accordance with the general visitor procedures, and **will** count against the total number of regular visits allowed.
- (b) Ordinarily, clergy visits will not be accommodated unless requested by the inmate. However, the Chaplain may approve a visitation request initiated by the clergy if the inmate wishes to visit with the clergy.
- (c) Clergy/minister of record visits will be accommodated in the visiting room during regularly scheduled visiting hours and, to the extent practicable, in an area of the visiting room which provides a degree of separation from other visitors. If a private area is not available, the visit may be rescheduled.
- (d) There is no limit to the number of minister of record and clergy visits an inmate receives each month. During times of personal or family emergencies, an inmate will be authorized a visit from his or her minister of record during regular visiting hours as practical.

Visits by attorneys are not subject to auditory supervision. Tape recorders may be used where the attorney agrees, in writing, in advance of the interview that the only purpose of the recording is to facilitate the attorney-client relationship (reference ALD 1315.05). Normally, attorney-client visits will be conducted in the Visiting Room. However, if the Visiting Room is crowded and the attorney requests privacy, the Unit Team will be contacted by the Visiting Room Officer. The Lieutenant/Unit Team will make all necessary arrangements with consideration for use of the Children's Center area, if not already in use. The Unit Team will supervise all attorney visits.

10. **MEDIA VISITS:**

All news media visits will be approved by the Warden. A media representative who wishes to visit outside his or her official duties, however, must qualify as a regular visitor or, if applicable, a special visitor.

11. **TRANSPORTATION ASSISTANCE:**

- a. For directions to FPC Alderson, see Attachment #3. Visitors are to park vehicles in the parking lot, in marked spaces, adjacent to the Institution in the area marked "Visitor Parking." When a visit ends, visitors must leave the Institution grounds immediately. Persons not approved to visit, but who accompany approved visitors are not permitted to remain in the Institution parking lot, and must leave the grounds. They may return for the transport of the approved visitor at the conclusion of the visit.
- b. Due to the remote location of FPC Alderson there are no available pay phone services. All visitors are to ensure transportation is arranged prior to the visit.

12. **VISITS TO INMATES NOT IN REGULAR POPULATION STATUS:**

- a. **Admission and Holdover status:** FPC Alderson does not house pretrial, holdover, or detainee inmates, therefore, visiting for these category inmates does not occur at this institution. Any inmates received at this facility in pretrial, holdover, WITSEC, or detainee status will be transferred to the local jail until re designated. Inmates will be expected to abide by the jail's policy on visiting.
- b. **Hospital/Medical Observation Patients:**
  - (1) When visitors request to see an inmate who is hospitalized in the institution, the Chief Medical Officer (or, in his absence, the Health Services Administrator), in consultation with the Captain, shall determine whether a visit may occur. The Warden must approve all requests for visits.
  - (2) When a visit is denied because the inmate is suffering from an infectious disease, is in a psychotic or emotional episode which makes a visit inadvisable, or is otherwise not in a condition to see visitors, the situation is to be carefully and sensitively explained to the approved visitor. The

visitor will be notified in writing and by telephone by the unit team, if possible a date and time when the inmate can receive a visit will be provided. Documentation is to be maintained in Section 2 of the Privacy Folder of the Inmate Central File.

- (3) Inmates with medical conditions will be reviewed by the Chief Medical Officer or in his/her absence, the Health Services Administrator, in consultation with the Captain to determine whether visiting will be permitted. All visits will be in the visiting room unless the Warden decides another location will be appropriate.
  - (4) Visits to inmates hospitalized in the community may be restricted to only the immediate family and are subject to the general visiting policy of that hospital and will be approved by the Warden.
- c. **Detention or Segregation Status:** FPC Alderson does not have inmates in detention or segregation status. However, inmates who are being temporarily housed in the Receiving and Discharge holding cells may be allowed to visit. If a visit is allowed, restrictions will be in place so the inmate will be seated with the visitor directly in front of the visiting room Officers and will not be permitted to move about the area.

13. **PROCEDURES:**

- a. **Responsibility:** The Captain will be responsible for the Visiting Room's appearance/operation and the training of Visiting Room Officers and volunteers.
- b. **Preparation of The List of Visitors**
  - (1) Following approval of the visitor's list by the inmate's Counselor, a copy of an approved list will be sent to the inmate. The original proposed Visiting List, (Attachment #1), will be filed in the inmate's Central File. When a change is to be made, a Counselor will update the inmate's Central File and print a visiting list with copies to the inmate and the inmate's Central File. The Visiting Room program will also be updated by the Correctional Counselor and/or Unit Staff. The data in this computer program will be kept accurate and complete at all times.
  - (2) The inmate is responsible for notifying each approved visitor of visiting procedures and will be given Attachment #4 Visiting Information during initial orientation.
  - (3) All visitors must be approved before a visit will be granted. The inmate is responsible for submitting the original list for approval and any subsequent changes to the Correctional Counselor there is no limit to the number of changes or updates to the inmates visiting list, each change may take up to three weeks to complete.

(4) Visits from persons not on the approved list for routine visiting must be approved on an individual basis, in advance, by the inmate's Unit Manager. These persons must write to the Unit Manager at least two weeks prior to the proposed visit, explaining the circumstances for the request. If the visit is approved, the person will be sent a letter verifying the approval. The Unit Manager will distribute copies of the approval letter to the Lieutenants' Office, Visiting Room and Institution Duty Officer.

c. **Verification of Special Visitor Credentials:** Staff will verify the qualifications of special visitors. Staff may request background information and official assignment documentation from the potential visitor for this purpose.

d. **Identification of Visitors:** Staff will verify the identity of each visitor (through driver's license, photo identification) prior to admission of the visitor to the institution. Photo identification must be a valid state or government issued photo identification. In the event that the computer visiting program system fails staff will verify the visitor is authorized to visit with the documents maintained in the inmate's central file. Documents maintained by the inmate may also be considered and each inmate must have a copy of their most current visiting list provided by unit team.
